Hybrid-solar system

About Rex

Rex Energy was established in the year 2000 as Tanzania's leading solar energy contractor providing alternative (renewable) power solutions to individuals, households and business consumers. We supply only the highest quality solar panels that carry 20 years guarantee. When you invest in an integrated power solution from us, you are also getting our qualified engineers to design, install and provide technical support on your system.

Our Promise

We promise to offer the best product and at the most affordable price in the market. We promise to provide the most cost effective maintenance and repair packages that will add value to your investment.

Hotline: +255 (712) 603 040

Our Track Record

Rex is undertaking a huge solar electrification project in Kigoma worth US\$ 4.7million funded by the US government through a Millennium Challenge Corporation(MCC) operating in Tanzania as Millennium Challenge Account Tanzania (MCAT). Through this project, Rex, partners with Camco International Ltd. to install solar panel systems to 45 secondary schools, 10 health centres, 120 dispensaries, municipal buildings, and businesses through out the Kigoma region. Rex Energy has also undertaken other big projects in Tanzania. Rex is regarded as the most trusted solar energy provider in Tanzania and one of the best in East Africa.
